# ADR Program Funding in CA

The Automated Demand Response (ADR) technology incentives offset ADR Control costs incurred by customers who wish to enroll in demand response (DR) programs utilizing software and systems to effectuate load drop with no manual intervention.

IOUs	18-22 Budget
PG&E	\$ 20,446,000
SCE	\$ 43,639,000
SDG&E	\$15,761,000
Total	\$79,846,000
Statewide ADR Budget per year	15,969,200

# IDSMS Program Funding in CA

The purpose of this this initiative is to take advantage of opportunities for adding demand response functionality for very little incremental cost, when an energy efficiency investment is already incurred, and also to assist customers in TOU

For the non-residential sector, including small commercial customers, the energy efficiency and demand response integration efforts should be focused initially on HVAC and lighting controls.

IOUs	Non-residential annual IDSM Budget
PG&E	\$ 8,000,000
SCE	\$ 8,000,000
SDG&E	\$4,000,000
Total	\$20,000,000

# Global Grid Integration Project
